

Colors:

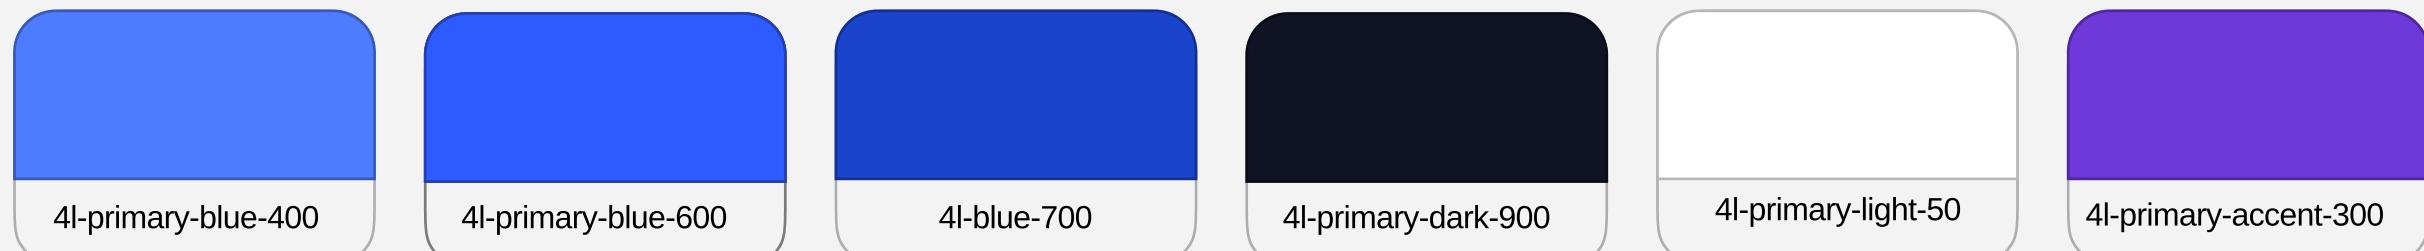

Our design system leverages a purposeful set of color styles as the perfect starting point for any brand or project. When it comes to color, contrast is critical for ensuring text is legible. We've added WCAG 2.2 contrast ratios to our color system so you can make sure you're designing with accessibility in mind.

Components:

Our design system includes a curated library of UI components designed for consistency, usability, and scalability across all platforms. Each component follows established spacing, typography, and interaction patterns to ensure a seamless user experience. Accessibility is a core consideration, with all components meeting WCAG 2.2 guidelines for keyboard navigation and screen reader support. By leveraging these ready-to-use components, you can build interfaces faster while maintaining visual harmony and brand coherence.

Typography:

This guide defines our typography hierarchy using the Arimo font family for consistent branding across digital experiences.

Arimo Heading 1 – 48px / Bold

Used for main page titles and hero sections.

Heading 2 – 36px / Bold

Used for section titles and large headings.

Heading 3 – 28px / SemiBold

Used for sub-section headings or emphasis blocks.

Header 1 – 34px / Bold

For product titles or special callouts.

Header 2 – 20px / SemiBold

For small section titles, form headings.

Body – 13px / Regular

Arimo Default – 12px / Regular

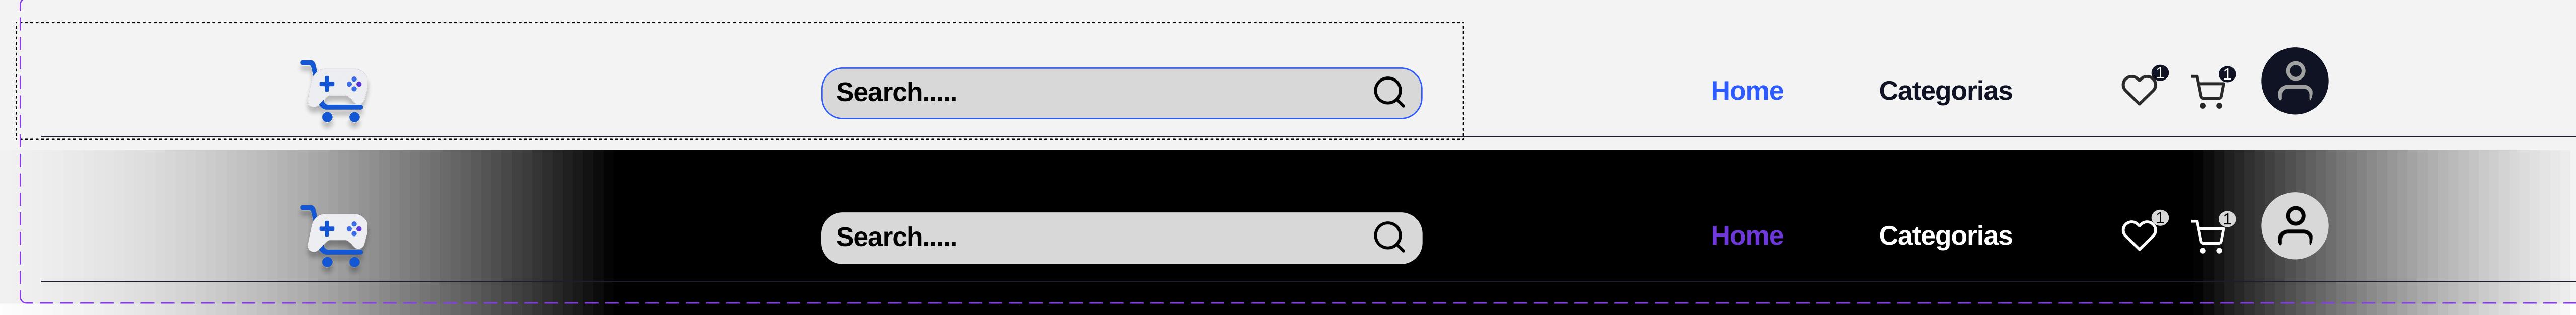

Arimo Big Bold – 16px / Bold
